When you set sail, you will depart from the Naples City Dock and head out to Key Island (7 mile circumference) where you pull up onto a 3 mile long stretch of beach on Mid Island. This island is home to beautiful sandy white beaches and provides a haven of tranquility away from vendors and shops. It's the perfect stop for shelling, swimming and relaxing.

With a sandy beach bottom, the catamaran is able to beach itself right on the island, providing an easy transfer from the boat to the beach. Depending on the tides that day, you may get wet from ankle to thigh deep. Supplies for gathering shells will be provided. Small snack box and bottled water are included. Guests will be required to sign a liability waiver prior to departure.
