AMCA INTERNATIONAL INTRODUCES AMCA PUBLICATION 206: FAN EFFICIENCY GRADE APPLICATION GUIDE

ARLINGTON HEIGHTS, Ill., Sept. 13, 2017 – The Air Movement and Control Association (AMCA) International Inc. introduced AMCA Publication 211: Certified Ratings Program Product Rating Manual for Fan Air Performance. It was approved by the AMCA membership September 6, 2017.

The purpose of this manual is to prescribe technical procedures to be used in connection with the AMCA Certified Ratings Program for fan air performance. Products that can be licensed by AMCA to bear the AMCA certified ratings seal are those defined in ANSI/AMCA Standard 99, ISO 13349 and IEC 60335-2-80 and are within the product scope of AMCA International. The program applies only to fans and axial impellers.

This document is available for purchase through the [AMCA store](#).

About AMCA International

The Air Movement and Control Association (AMCA) International Inc. is a not-for-profit trade association with more than 350 member companies worldwide representing more than \$3 billion in annual revenue. AMCA's mission is to advance the health, growth and integrity of the air movement and control industry, with programs like certified ratings, verification of compliance and international standard development. AMCA also advocates for model codes, regulations and utility incentive programs that promote efficiency and life safety. For more information about AMCA, visit amca.org.
