AMCA INTERNATIONAL REVISES AMCA PUBLICATION 311

ARLINGTON HEIGHTS, Ill., Dec. 16, 2016 - The Air Movement and Control Association (AMCA) International Inc. announces the full revision of AMCA Publication 311, Certified Ratings Program Product Rating Manual for Fan Sound Performance.

The new designation for this document is AMCA Publication 311-16. AMCA Publication 311-16 was adopted by AMCA membership on November 7, 2016.

AMCA Publication 311 establishes definitions and specifications to be used in connection with the AMCA Certified Ratings Program for the sound performance of fans. Products that can be licensed by AMCA International to bear the AMCA Certified Ratings Program seal for sound ratings are centrifugal fans, axial fans, power roof ventilators, air curtains, agricultural fans and other air moving devices within the product scope of AMCA.

AMCA Publication 311-16 is available at the AMCA store (www.amca.org/store) for no cost. A redline version showing what has changed since the 2013 edition will also soon be available at the AMCA store.

For more information regarding this publication, please contact Erin Moore at emoore@amca.org or +1 (847) 704-6285.

About AMCA International

*The Air Movement and Control Association (AMCA) International Inc. is a not-for-profit trade association with more than 360 member companies worldwide representing more than \$3 billion in annual revenue. AMCA's mission is to advance the health, growth and integrity of the air movement and control industry, with programs like certified ratings, verification of compliance and international standard development. AMCA also advocates for model codes, regulations and utility incentive programs that promote efficiency and life safety. **For more information about AMCA, visit www.amca.org.***
