To whom it may concern,

Subj: *Statement of Standard Equivalency in case of AMCA 540, Tests Method for Louvers Impacted by Wind Borne Debris*

The AMCA International Louver Engineering Committee has determined that the requirements of ANSI/AMCA 540-08 meet or exceed the requirements of ANSI/AMCA 540-13 for the purpose of evaluating product testing of louvers for missile impact resistance without post impact pressure cyclical testing.

Best regards,

Joseph A. Brooks, PE
Director of Publications & Standards
