O'Hare joined New York Blower in April 1989 after graduating from the University of Illinois in 1988 with a BS in economics. Since joining, he has held the titles of product specialist, regional sales manager, national sales manager and director of marketing before serving in his current capacity as vice president of sales and marketing.

He and his wife Nora have been married for 24 years. They have three sons: Jack, 18; Owen, 15; and Thomas, 12.

O'Hare said, "It is a privilege to be part of AMCA's leadership during its centennial year. While we will be celebrating our long history in the coming months, we also have much to focus on in the present. We have a great team in place that will readily meet the challenges and opportunities presented to us by U.S. Department of Energy regulation and its impact on the AMCA Certified Ratings Program, and this team will continue the ongoing commitment to AMCA's growth in all regions. I look forward to our team building upon the foundation that the AMCA staff and members have established during the past hundred years."
